GERMANS FORCING RUSSIANS BACK IN COUNTER DRIVE

Austrians to the South, However, Head for Their Frontier.

BERLIN, June 22 (via London).—The repulse of heavy attacks by the Russians against Count von Bothmer's forces north of Przewoloka was announced to-day by the War Office. The Russians were pushed further back on both sides of the Turia River, an affluent of the Pripiat; and further to the south, according to the statement, and attacks on the Tautonic lines in the region to the west of Kolki and northwest of Lutsk were unsuccessful.

**AUSTRIANS LEAVING
ALL SOUTH BUKOWINA
TO STAND AT BORDER**

LONDON, June 22.—Gen. Pflanzer's demoralized army is preparing to abandon all southern Bukovina to the Russians, according to Berne despatches to-day. The Berne correspondents received their information from Vienna. They reported that the Austrians would make a stand at Rodna pass, twenty miles northwest of the Rumanian frontier and at other strategic points barring the Russians' advance into Hungary.

The Russians are now throwing large forces across the Sereth River, aiming to cut off large Austrian forces before they reach the Carpathians. The Austrians are abandoning large quantities of ammunition in their flight.

Despatches from all sources agreed to-day that the Russian advance on the northern wing has been checked by heavy Austro-German counter-attacks.

Hundreds of Austrians were drowned in the Stripa after the recent Russian success on the eastern bank to the north of Bukacz, according to Reuter's Petrograd correspondent. Troops holding some of the trenches enveloped by the Russians from the north and south and cut off from the bridges rushed into the river panic-stricken. A few managed to swim across the despatch, but the majority perished.

Military authorities, the correspondent wires, believe that the culmination of the fighting alone the Str and the Stokhod front is far from having been reached. Three distinct groups of Austro-German forces are attacking the Russians, the first from the east and the south of Kovel, the second on both sides of the Vladimir-Volynski-Lutsk Road, and the third from the Sokal-Sioyanoff line.

ROME, June 22.—A Bucharest despatch to-day reported that prepara-

tions for the military evacuation of Lemberg were made at a special Austro-German war council.

COOKS NEEDED IN THE RANKS
Few Are Enlisting in National Guard of Pennsylvania.

PITTSBURGH, June 22.—Enlistments are numerous in western Pennsylvania's many national guard units and the entire Second Brigade in full strength will move to Mount Gretna promptly Friday night, commanders say officially.

"We can get all the privates we want, but nobody who can cook at all is enlisting and competent enlisted cooks are our greatest problem," declared several commanders to-day.
"It might sound like levity, but it is no joke, this lack of cooks and nobody in our outfit able to cook," waited the captain of the Pittsburgh Ambulance Company and the Radio Company of the Signal Corps.

June Sale of Men's Suits

It answers the call for men's good summer clothes.

\$30.00 to \$37.50 Suits at \$23.50

\$22.50 to \$27.50 Suits at \$18.50

Hurlington Arcade floor, New Building.

\$18.50 to \$20.00 Suits at \$15.50

\$16.50 and \$17.50 Suits at \$13.50

Broadway corner Eighth.

Three-fourths of the suits were made in Wanamaker Shops, our way, in our models, by our regular tailors.

We picked the fabrics months ago, when prices were much lower than today—blues, blacks, with faint white stripes, gray effects, checks, tan effects; patterns sought by men who mingle much with the world; modest dark mixtures for the more reserved.

It is a well-rounded service we offer to men in this sale; the service of good cloth well tailored, of models cut in appropriate patterns for men and young men of varying builds; of economies that come but once each June.

There will be more than 2,000 suits in all sizes, for tomorrow's choosing.

Electric flags have become a popular and strikingly attractive form of patriotic expression. The cost of installation depends upon the size and is not great. The cost of electric energy ranges from 7 1/2 cents hourly for a flag 4 feet wide to 13 1/2 cents where the width is 10 feet. The manufacturers inform us that a limited number of flags may be had before Independence Day. Information in detail upon request.
